

22 Titan

THE ART ECOSYSTEM PLATFORM

VISION

- To become a recognized art token.
- Provide transparent in high-quality token offering to investors.
- Issuing a tradable token attractive for both investors and art lovers.

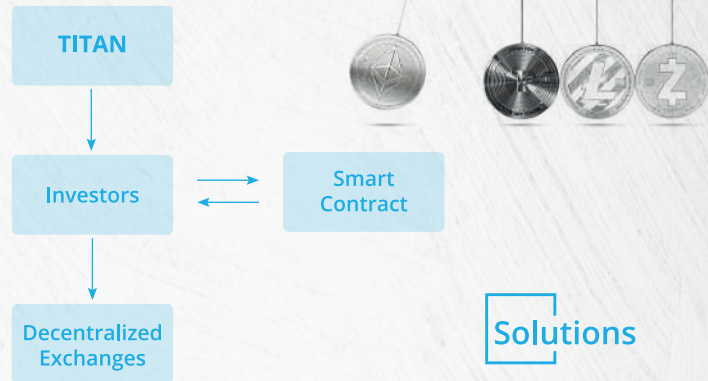

Problems

- High barriers to entry into blue-chip art due to unattainable price points by majority.
- Art assets are illiquid in nature.
- Physical art ownership carries with it expensive costs such as insurance, storage, and periodic valuation
